Introduction

Training is defined as a planned activity aiming to develop technical, behavioral and administrative capabilities and skills of employees to enable them to provide an effective and fruitful performance leading to the achievement of their personal objectives and objectives of the federal entity.

Training in the federal government is considered one of the means of developing human capital, which is relied upon for raising the job competencies of the employees. In its modern conception, training and development are considered a comprehensive work frame and a strategic option within the paradigm of developing human resources, which the federal government seeks to realize in order to stay abreast of the challenges posed by the constant change in work requirements. Training transfers technical and practical knowledge in a way that enables employee and federal entity to face any challenges posed by the knowledge rush within the work environment.

Based on the Authority liability under the Federal Law by Decree No. (11) for 2008 regarding government human resources as amended, the Authority prepared this system relying on the latest modern administrative practices, as it believes in giving comprehensive development opportunities to all employees in the federal government. This aims to achieve the objectives in accordance with the strategic plans with an effectiveness that ensures permanent performance escalation in order to arrive at filling the gap between the current and targeted performance that is determined by the performance management system and this system assists in its processing. This system participates in determining the actual requirements of training and selecting the best forms of training that will achieve the entity current and future objectives. It is also linked to the outputs of performance management system that are considered as inputs to this system with regard to employee development in all behavioral, professional and scientific aspects.

Chapter (1): Framework

First: Definitions

In application of the provisions of this System, the following words and expressions shall have the meanings assigned against each unless the text stipulates otherwise:

State:	: United Arab Emirates
Government	: Government of the United Arab Emirates
Cabinet	: Cabinet of the United Arab Emirates
Law	: Federal Law by Decree No. (11) for 2008 regarding government human resources as amended
Executive regulation	: Executive regulation of the Law
Performance management system	: Federal government employees' performance evaluation system endorsed by the Cabinet resolution.
Federal Entity	: Ministries and federal and public authorities and establishments governed by this law
Authority	: The Federal Authority for Government Human Resources
Senior management	: Undersecretary or assistance undersecretary and the like.
Line manager	: The person who directly supervises the employees, determines their required level of performance and prepares their development programs.
Employee	: Any person holds a position set forth in the budget of any government entity and governed by the provisions of this system.
Training and development budget	: The financial allocations for training and development within the approved budget of the federal entity. It includes the costs of training defined in this system.
Training expenses	: Includes the financial expenses, fees and allocations given to the employee when joining any training entity - with the exception of salaries - in addition to other expenses related to traveling, accommodation, and per diem carried by the work entity.
Training patterns	: Types of set forth herein.
Training programs	: A training environment containing an educational

curriculum within set training hours aiming to provide employees with the necessary knowledge, skills and competences according to the pre-set training plan.

Educational leave: : A leave with paid salary and expenses or only the salary, given to the citizen employee to obtain a higher scientific qualification in or out of the country. It may be either full- or part - time, according to the provisions of law and executive regulation.

Job shadowing: : A type of training in which an employee shadows another qualified and specialized employee of high competence during daily roles to benefit from their experience in the work.

Job rotation program : A form of training in which the employee is rotated according to a time schedule to sections and departments belonging to the job entity in order to perform specific roles to enrich their experience of the job roles and the services provided by the entity.

Applied roles: A form of training aiming to train employees on roles within a project or work team outside the scope of their direct work.

Seminar / conference: : A meeting coordinated in advance for the purpose of transferring expertise, providing consultations and exchanging information between the attendees.

Employee with performance level exceed expectations : An employee classified under the performance management system within the level of (exceeds the expectations and above) and has high capabilities in addition to the elements of competence referred to in the behavioral competences framework.

Employee with performance level fulfills the expectations : An employee with high capabilities and elements of competence required within the framework of behavioral competence, but his performance is classified under the performance management systems within the level of (fulfills the expectations)

Employee with performance level needs improvement : An employee classified under the performance management system within the level of (needs improvement)

Analyzing training needs : It is a study that enables the ministry or the federal entity to identify the necessary training requirements of their employees. It is relied upon when preparing

training plans in order to ensure that training would treat knowledge, skills and competencies defects in an effective and cost beneficial way, in order to enable the entity to effectively perform its roles.

Institutional Training and Development Plan : A plan prepared on the level of the federal authority including the required forms of training and development for its employees and determining the training needs in accordance with an annual time schedule in the light of the approved training and development budget.

Individual development plan (IDP): It is a work plan prepared in a way that suits the job of the person concerned with the development of specific competencies (knowledge, technical, behavioral, leadership or basic). It should improve their performance of their current job or prepare them to undertake other new responsibilities.

Behavioral competences framework : A general framework including measurable (leadership or basic) skills that should be available in the federal government employee.

Internal trainer : A federal entity employee who enjoys high ability and competence, charged with providing specific training programs.

The Mentor : An employee who enjoys high ability and competence. He is charged with playing the role of the teacher for the employee to be trained in a job shadowing program.

The supervisor : An employee assigned by his direct supervisor to ensure a trainee employee is implementing the applied roles training program.

Second: Principles

The training and development system is based on a number of principles. The most important of which are:

1. Establishing a comprehensive relation between the priorities of the federal government strategy and the training and development requirements.
2. Enhancing the connection between the performance management system and the training and development system by setting a prior

conception and plan to determine training requirements according to the priorities of the federal entity on one hand, and the results of performance evaluation on the other.

3. Providing continuous and comprehensive training and development opportunities for all federal government employees.
4. Ensuring transparency, fairness, equality and equal opportunities in the training and development process, regardless of the job category to which the employee belongs.
5. Setting criteria to measure the extent of the influence of the results of implementing training and development programs on individual and organizational performance.

Third: Scope of Application:

This system shall apply to all government entity employees.

Fourth: Objectives

Training and development system aims to raise the competence of the occupational system and provide it with skills and qualifications with a view to achieve performance competence through realization of the following objectives:

1. Ensuring the preparation of individual development plans for employees in order to enhance their strong points and determine their weak points related to performance and treating them.
2. Assist federal entities in qualifying employees to fill the current and future vacant jobs by providing them with forms of training and development.
3. Develop training and development activities by using the best modern practices related to determining training needs of federal entities and drawing the required training plans.
4. Measuring the effect of applying the results of training and development system results on the individual and institutional performance.

Fifth: The stages of the training and development system

The training and development plan in the federal government is formed of four principle stages which collectively form the foundation of the system, whether on the federal entity level or on the individual level. They are:

1. Determining the requirement of training and development.
2. Planning training and development programs.
3. Implementing training and development programs.
4. Reviewing the effectiveness of training and development programs.

The following diagrams show the cycle of these stages on the individual and government levels.

Chapter (2): Roles and Responsibilities

As the training and development process is considered as a joint responsibility whose positive results shall be only achieved through participation of all concerned parties by performing their roles on the optimum aspect in the light of the responsibilities set forth herein. Accordingly, the concerned parties with implementation of this system should be determined as follows:

First: Federal Authority for Government Human Resources

The Authority main roles are as follows:

1. Development of the training systems, policies and procedures applied in the federal government;
2. Providing consultations to the federal entities with regard to apply and support strategic development initiatives such as nationalization programs and job rotation and the other similar programs;
3. Setting controls and standards based on which training service providers shall be approved by the federal authorities for the purposes of achieving highest training standards;
4. Development of standards, indexes and measurements assist in evaluation of training effectiveness;
5. Making sure of federal entities compliance with implementation of this system provisions;
6. Making periodic review of the system to ensure its effectiveness and development of its provisions in conformity with the federal government strategy; and
7. Receiving and examining the reports submitted to it by the federal authorities about the indexes of measurement of training effect on the level of federal entity.

Second: Concerned Minister and the like

Roles of the concerned minister and the like include the following:

1. Approval of the annual training and development plan;
2. Undertaking the main and responsible role for implementation of training and development system;
3. Providing the required resources for the purposes of system implementation in the federal authority;

4. Giving direct instructions to concerned persons in the federal entity to take care of system activation according to the established rules, provisions and procedures, and making a continuous evaluation to the results and the effect of system application on raising the employees' competence and work development; and
5. Approval of the Individual development plans for the holders of the senior management jobs.

Third: Senior Management in the Federal Entities

Senior management role includes the following:

1. General supervision on the system application in the federal entity;
2. Instruct human resources departments to follow up training and development goals for every entity;
3. Establish the culture of continuous learning and development through controlling application of training and development by all managers, and taking the necessary action in case of non-compliance with them;
4. Encouraging organizational units to train and develop their employees by utilizing the available financial resources;
5. Active communication with department heads about the suitable training and development matters, and suggesting the best suitable programs for each specialization;
6. Ensuring compatibility of the training and development plan with entity strategic plan;
7. Ensuring availability of financial allocations in the federal entity budget to the accounts of expenses of training and development; and
8. Reviewing the annual training and development plan and submitting it to the minister, the like or any person authorized by him for approval.

Fourth: Human Resources Department/Departments Concerned with Training

Human resources departments shall undertake the following roles:

1. Explanation and application of the training and development programs approved in the federal government;
2. Examining and analyzing the institutional training needs in coordination with the concerned organizational units based on the strategic objectives approved to the federal entity and the results of

performance evaluation and the needs of training on the level of individuals and departments;

3. Preparation of an annual training and development plan in the light of the evaluation results and in accordance with the strategic priorities of the federal entity;
4. Compliance with management of training and development budget within the agreed limits determined in the annual budget of the entity.
5. Management of this system application phases on the level of the federal entity;
6. Providing the Authority with a copy of the annual training and development plan for the federal entity within the time limit determined by the Authority;
7. Following up the concerned departments in the federal entity for preparation of the annual Individual development plans at the entity and taking the necessary actions in case of failure to comply with its application, and controlling its execution;
8. Applying the strategic development initiatives, such as job nationalization programs, job rotation and federal government leaderships programs;
9. Coordination with the external training service providers for preparation or development of the contents of the training programs or courses planned to be provided to the employees in the light of the federal entity needs and according to the entity development pan;
10. Reviewing the Individual development plans related to the employees classified within performance level exceeds expectations or above, as well as reviewing the performance improvement plans to the employees classified within a performance level needs improvement;
11. Organizing internal training courses or approved compulsory programs in accordance with the requirements of the work interest, such as new employee introduction programs;
12. Providing the consultations related to training and development to the senior management;
13. Preparation of annual reports about the effectiveness of training through evaluation of training process according to measurement standards and indexes set by the Authority;

14. Measurement of the results of the training and development programs application in conformity with the principles determined by the entity strategy and needs;
15. Submitting the statistic annual reports to the senior management and the Authority about the results of the system application according to the indexes set by the Authority in this regard;
16. Providing line managers with report about the extent of the employee's compliance with the training pattern decided to him; and
17. Ensuring compliance with the procedures related to the system application;

Fifth: Line Managers

Line manager shall undertake the following roles and competencies:

1. Active participation in the analysis of training and development needs for all jobs under his supervision and setting a time schedule for development and training;
2. Participation in preparation of training programs lead to fill the gap between the employee's current and future performance;
3. Agreement on individual training and development plan with every employee, including determining the development objectives, as well as agreement on what could be implemented from the training and development programs required for improvement of his performance in the light of performance management system results;
4. Assisting employees in determining their needs to the required occupational training for completion of all development objectives within the Individual Development Plan and suggesting specific standards in order to measure the advancement towards achievement of these objectives;
5. Periodic review of training and development plans to ensure their sound implementation;
6. Distribution of job tasks charged to the trainee employee in a manner enables him from allocation of sufficient time to join the training and development programs in accordance with the annual training and development plan; and

7. Compliance with the times appointed to the training courses and programs determined accurately by the external training entities.

Human resources department shall approve the applied tasks plan in accordance with the procedure No 3-2-5 of the procedures manual. The full number of working days in the applied tasks/project plan shall be registered in the training and development record of the concerned employee.

The employee who carries out applied tasks within a project shall not be entitled to any additional financial dues, except his salary, throughout the training period, regardless the tasks attributed to him.

Fifth: Job Shadowing Program

Job shadowing is a job training pattern where an employee accompany a qualified and specialized employee with high competence as a "Shadow" during implementation of the daily tasks.

Job Shadowing Program is a training pattern suitable for:

1. New employees ;
2. In the cases that require practical applications for the training; and
3. Its application as a complementary appendix to the training programs to deepening the understanding of the new scientific subject.

Employees of all grades and levels at the federal entity are entitled to join job shadowing program. The roles of the job shadowing program shall be subject to the following standards:

1. Determining the roles of job shadowing program by the line manager, concerned employee and the mentor employee; and
2. Maximum period of job shadowing program shall be from one to ten days.

The mentor employee shall be determined according to the following provisions:

1. He should complete more than one year in his job;
2. He should achieve at least result of (fulfills the expectations) during last performance evaluation;
3. He should have the capabilities required to carry out the task charged to him.

Provisions of Job Shadowing

3. Fulfillment of training needs to the entity to which the employee is seconded as the latter shall play a role in raising the level of performance and skills development.

The law and its executive regulation has regulated the provisions of secondment in detail.

In order to ensure sound planning for return of these employees, the individual development plan should include observation of some steps during the planning stages for external secondment applications that exceed one year, in accordance with the provisions set forth in clause No (3-2-7) of the procedures manual and they are summarized as follows:

1. Providing complete report on the secondment showing its participation in the development goals determined in the individual development plan;
2. Providing a communication plan specifies the manner of seconded employee continuous communication with its original team and line manager through the secondment period;
3. Providing a plan of resources include the manner of job roles completion during the secondment period; and
4. Providing a return plan includes the date and joining mechanism for the returning employee to his job after expiry of the secondmen;

Human resources department shall register the potential date of return from secondment and shall communicate with the line manager and employee before six months and three months from planned date of return in order to discuss his specific role and position upon return.

The executive regulation shall determine the secondment terms and conditions.

The Authority shall also be provided with number of seconded employees in accordance with the form No (d) within the appendix (b).

Seventh: Conferences and Seminars (Official tasks)

Employee's participation in conferences is considered as a training pattern, either for knowledge increase or communication with the peoples with experience in the knowledge fields. Accordingly, the federal authority should connect it with the individual development plan for the employee as a mean of his development. Participation shall be made by providing a worksheet or receiving new knowledge and experience.

As for the delegate's duties and delegation allocations, they are determined in the executive regulation, in accordance with the procedures set forth in clause No (3-2-8) of the procedures manual.

Federal entity shall provide the authority with the number of employees participating in seminars and conferences in the form (h) attached within in the appendix (b).

Attending such conferences is considered as a training pattern according to the controls applicable in the law and executive regulation.

Eighth: Job Rotation Planning Program

Job rotation is an organized and accurate strategic process ensures continuity of qualified employees with competencies and capability to hold significant jobs in the federal government.

Accordingly, the Authority shall cooperate with the concerned federal authorities to prepare the job rotation planning program as an initial step to apply it on the level of the federal government.

Chapter (6): General and Final Provisions

1. Federal Authority for Government Human Resources shall set controls and standards based on which the training service providers shall be approved by the federal entities for the purposes of ensuring achievement of highest training standards;
2. This system shall be complementary to the performance management system and the provisions and controls applicable in the executive regulation;
3. The Authority shall review and amend the provisions of this system when required. Any such amendment shall be submitted to the Cabinet for approval;
4. The federal entities shall apply this system and the attached forms in the appendix (b);
5. Federal entities may amend the forms set forth in the procedures manual according to the work requirements. Meanwhile, it shall be impossible to amend any of the forms set forth in the appendix (b); and
6. Upon application of this system, the provisions of the law and executive regulation shall be referred to, especially what is related to the training patterns set forth therein.

Introduction

This manual aims to provide ministries and federal entities with the mechanism required for implementation of the approved training and development system. It includes the forms, procedures, roles and steps required for the system implementation.

1-1) Training and Development Needs on the Level of Federal Entity

Objective

This procedure aims to study and enable the federal government entities from determining the training priorities and showing the current status of training, including difficulties and means of remedying them and extent of training effectiveness in the federal authority, as well as specifying the points of weakness that need development by line managers in different departments and sections and specifying the types of preferred training solutions to the concerned persons in the federal entity and the potential estimative cost for implementation of training and development program.

Concerned Persons with the Procedure

Human resources department or the department concerned with training

Inputs

- Strategic objectives of the federal entity;
- Statistic data on the employees;
- Scientific level and qualification level of the employees;
- Previous experiences of the employees;
- Employee's current and future job responsibilities (According to the job description card);
- Level of current competencies according to the performance evaluation results;
- Competences framework;
- Results of performance periodic review

Completion Deadline (Deadline)

Completion shall take place during February and March every year.

Available Instruments to the Human Resources Department

- Guiding manual for the senior management meeting on training needs analysis;
- Guiding manual for carrying out a workshop in order to explore training and development needs; and
- Employees' survey form on analysis of training and development needs.

Approved Connection Elements for the Process

Guiding Manual for Senior Management Interview on Training Needs

This manual shall be utilized by senior management in the federal entities for making interviews on the training and development needs. The training concerned department may amend and update this manual to be compatible with the requirements of federal entity.

Interview Details:

Name:	Department:
Job title:	Time period in the current job:

1. Please define the objectives and roles of the (Sector/department/section).
2. What are the main goals? What are the most important three goals specified by you for the next year? Are you expecting that your expectations shall change during the three coming years?
3. Where are you expecting the most significant capabilities in the performance improvement within the organizational units?
4. Please mention from three to five problems faced by you within your sectors that hinder achievement of the required performance level?
5. On the assumption that the institution allocates unlimited resources for the training objectives, what is the type of training you wish to organize? What is the manner of its introduction (electronic training, capital training or training outside the workplace, etc.)?
6. What are the training patterns that may assist you in maximum utilization of the current available skills and competencies?
7. Have you ever introduced any initiatives or training courses? Why did you selected such form?
8. How do you describe the work culture? Are the employees being motivated?
9. Do you think that you have the suitable employees to complete the works and function in a correct manner? Are your current employees capable of making use of the training in the preparation to confront the future challenges?
10. How do you describe the successful training and development process? What are the forms of training do you think that they benefit you? (On the job training, electronic learning, etc).
11. Are there any other points of weakness regarding knowledge or skill that have not been discussed yet?

12. Do you have a clear perception on the manner of allocation of annual training and development budget?

13. What are the specified and actual steps that the human resources department may carry out to assist you in fulfillment of training and development needs?

Guiding Manual for a Workshop to Explore Training and Development Needs

This manual shall be utilized to organize the workshops in which employees from all government entities shall participate. The number of participants in every workshop shall not exceed ten employees and an employee shall not attend at the same workshop with his line manager. The training concerned department may update and amend this manual to be compatible with the federal entity needs.

Names of participants in the work shop:

Name	Department

Workshop Introduction:

The aim of the workshop is to assist in determining the training and development needs that should be approved by the entity. Your opinions shall assist in understanding the forms of training you need to perform your jobs in an optimal manner, as well as determining the obstacles you think that they hinder your opportunities in training and development and how could the entity better support your achievement of professional objectives.

Workshop Related Questions:

1. What is the importance of training and development for you personally? Are your training and development experiences in this entity appropriate to your expectations at the time of taking over your

- jobs? Did the training and development opportunities constitute an important element in selection of the place in which you work?
2. Do you think that this entity evaluate the training and development? Could you determine, by examples, how did this section assist you in fulfillment of your needs for training and development? Are you being granted sufficient time for training and development? Do your managers deal seriously with your requests for training and development? Does this institution sufficiently invest in training and development?
 3. Specify the main problems in your jobs that hinder achievement of productivity level desired by you. In your opinion, how does training assist you in addressing such problems?
 4. On the assumption that such entity allocates unlimited resources for the training and development objectives, what are the types of training courses you want to organize? What is the manner of introducing them (Electronic training, on the job training or training outside workplace, etc.)?
 5. Did you discuss your needs for training and development this year with your direct manager? Do you think that your direct manager understand your needs and plans for professional development for the following five years?
 6. What is the manner of informing you of training opportunities provided by this entity? Are you being correctly informed of the training courses?
 7. What are the specified and actual steps you think that this entity could carry out to fulfill your needs for training and development?

Form No. (1) Staff Questionnaire on Analysis and Development of Training Needs

Entity needs to training analysis questionnaire aims to ensure fulfillment of training programs to you needs and participation in creation of new opportunities that assist you in fulfillment of your future needs. Your points of view and opinions are very important for us and we appreciate your spent time in reply to this questionnaire. We ensure confidentiality of the participants' identity, as no names shall be mentioned in the final report.

Please specify the category you feel that it better describes your work in this entity:

4	1. Enter the name of the course					
5	1. Enter the name of the course					
6	1. Enter the name of the course					
7	1. Enter the name of the course					
8	1. Enter the name of the course					

What are the other specialized patterns of training do you need to best perform your job?

Example: I need to have on-the-job training, such as training on special projects in order to utilize the skills I have recently learnt about Microsoft.

Do you feel that this Entity grants value and importance to training and development?

--

Please send the completed forms to the concerned training department.

Instructions to Human Resources Department:

The training department may amend and update this Form according to the needs of the concerned entity

2-1 Preparing Training and Development Plan on the Federal Entity Level

Objectives

Training and development plan should be based on scientific bases including suitable training patterns, training solutions description, desired results for every training solution and the total cost of these solutions.

Procedure Concerned Departments

- Training concerned department
- Human resources department

Inputs

Training needs analysis results report

Completion Deadline

Plan shall be prepared in April and shall be reviewed every six months.

Available Instruments

- Training curriculum form No (3)
- Annual training and development form attached to the system.

Approved Connection Elements for the Process

1-1 Training and development budget on the level of government entity

Procedure Reference

1-2 Training and development plan preparation

Procedural Manual

1-2 Training and development plan

Procedure No (2)

Step	Roles	and	Procedure	Description
------	-------	-----	-----------	-------------

	Responsibilities		
1	Department Manager concerned with training or human resources department manager	Drafting the annual training and development plan	Using training and development plan form No (a) attached to the system that takes place in April every year according to the requirements specified during training and development needs analysis stage. The annual training and development draft plan shall include the following details: <ul style="list-style-type: none"> <input type="checkbox"/> Types of training solution for every job in such compulsory training. <input type="checkbox"/> Training solution description. <input type="checkbox"/> Desired results from each training solution. <input type="checkbox"/> Training solutions deadline. <input type="checkbox"/> Number of training solutions beneficiaries. <input type="checkbox"/> Proposed training deadline. <input type="checkbox"/> Training solutions total cost.
2	Department Manager concerned with training or human resources department manager	Consulting the concerned managers about draft plan	Discussing training and development draft plan with the concerned line manager, human resources department manager and chief executive officer in order to know whether the proposed solutions shall fulfill the needs, and discussing the challenges in preparation of its approval.
3	Human resources department manager/ financial affairs managers	Making sure, from the financial affairs manager in the federal entity, of the extent of financial allocations availability for training and development plan	If the allocations are available, the plan shall be approved. Should there are no financial allocations; the plan shall be reconsidered in the light of the available allocations.
4	Senior management	Plan approval	
5	Department Manager concerned with training or human	Annual plan evaluation at the federal	

	resources department manager	entity according to main performance indexes issued by the Authority.	
6	Department Manager concerned with training or human resources department manager	Making quarterly evaluation and review of training and development plan	Reviewing training needs with the human resources department and using feedback from employees and chief executive officers in every quarter in order to ensure that the plan fulfills the changing needs of the government entity, and updating the pan data when required.
7	Human resources department manager or training concerned manager	Providing the federal entity with a copy of training plan	

Form No. (2) Description Card for Solution or Training Patterns

Patterns of Training:

Training Patterns:
Training Services Provider (s):

Targeted group
<input type="checkbox"/> What is group of trainees that will benefit from the training pattern?
Training Objective (Based on the requirements identified in the analysis of corporate training needs)

Procedures No (7)

Step	Roles	and	Procedure	Description
------	-------	-----	-----------	-------------

	Responsibilities		
1	Training and development coordinator	Providing the training service providers with a standard evaluation form.	In case of approval of a trainer directly contracting with government entity for providing a specific training service or if an internal trainer is approved, the training concerned department shall provide the trainer with a standard evaluation form, knowingly that such form may be applied to the external courses.
2	Training service providers	Amendment of the trainee's evaluation form to be in conformity with the standards of skills and knowledges specified to this course	A trainer may amend the form information by entering the skills, knowledge and behaviors required for this course.
3	Trainer	Completion of the evaluation form information	A form for every government employee attends the training course should be completed.
4	Training and development coordinator	Updating the employee's register by recording the evaluation results.	Recording the evaluation detailed data in the human resources management system and sending a copy of the results to the line manager.
5	Training and development coordinator	Taking the necessary procedures	If the evaluation results are less than the required level and below expectations, the human resources department shall report the matter to the line manager who shall determines the necessary actions.

Form No. (4): Evaluation of Trainee's Performance

- This application will be filled out by the trainer.
- Kindly fill out the evaluation details based on your direct assessment of the trainee's performance; the evaluation results should not be affected by your reporting of others about the employee's behavior, skills or competencies.
- If you can not specify degrees for all features and advantages in each job, you can use the "Unable to comment" entry.
- Please take notes if you choose "needs improvement" or "inconsistently meets expectations" entries.
- Please have a thorough look at your written observations, as trainees rely on the feedback included as practical suggestions for change and to plan appropriate training objectives and correct their weaknesses (if required).
- Once the form is filled out, please sign it and write down the date and send it to the Human Resources Department no later than one week after the end of the training course.

3.1.3 Reimbursement of training course fees in case of employee resignation:

Objective:

Ensure that the federal entity gets reimbursement of the financial costs exceeding (AED 5000) for participations in the training courses in case the employee resigns before completing six months in the job after the training course.

Procedure is targeted at:

- Human Resource Department

Inputs:

- Registration in the course
- Resignation

Timetable for completion (time limit):

- Continuous

Available tools:

- Not required

Approved correlation elements:

- Resignation

Procedure reference:

3.1.3 Reimbursement of training course fees in case of employee resignation.

Procedural guide:

3.1.3 Reimbursement of training course fees in case of employee resignation.

Procedures No. 8

Step	Tasks and responsibility	Procedure	Description
1	Training and Development Coordinator	All training courses completed last year shall be reviewed	Determine if any training courses, whose fees are more than AED 5000, have been attended during the past six months.
2	Training and Development Coordinator	Calculate cost to be paid for each course above AED 10,000.	For each course whose fees exceed AED 5000, the total fees for participating in the course will be determined and deducted according to the number of months remaining for the training commitment. For example, if the employee resigns immediately at the end of the course, the full fees will be payable and due. If the employee resigns five months after the training course, 1/6 of the total fees paid will be charged.
3	Training and Development Coordinator	Calculate total payable cost for professional accreditation program	The resigning employee shall pay the fees in proportion to any professional accreditation programs he/she was enrolled into (regardless of cost).
4	Training and Development	Notify the Payroll Section of the total costs to be	Add up the total of all course fees to be paid and constantly inform the Payroll Section of

	Coordinator	reimbursed	any required deductions The total amount shall be due and recoverable in a single payment or through other reimbursement mechanisms that are determined separately when it is found that a single payment is not possible.
--	-------------	------------	---

3.1.4 Reimbursement of course fees if course requirements are not met

Objective:

To ensure that the federal entity reimburses the costs incurred for the purpose of participating in the training courses if the employee fails to meet the minimum required attendance hours or if he/she violates the Code of Professional Conduct and the Ethics of the Public Service applied by the federal government or any other conditions related to the training and development stipulated in the implementing regulations.

Procedure is targeted at:

- Human Resource Department

Inputs:

- Registration in the course
- Trainee performance evaluation

Timeline of the process:

- Continuous

Available tools:

- Not required

Approved correlation elements:

- N/A

- Form of supervision agreement

Approved correlation elements:

2.3 Individual development plan

Procedure reference:

3.2.4 Job rotation

Procedural guide:

3.2.4 Job rotation

Procedures No. 13

Step	Tasks and responsibility	Procedure	Description
1	Line manager	Identify the need for job rotation	Review the steps required to achieve the development objectives identified in the individual development plan. Determine whether the job rotation is appropriate especially if the employee: <ul style="list-style-type: none"> • Prefers to work in the administrative or supervisory rather than the specialist field. • Wants to gain a quick experience in all the work done by the federal entity (applicable to new employees or fresh graduates). • Desires to get training in specific skills.
2	Employee/ line manager/ line manager of the host entity	Discuss goal, objectives and time commitment to job rotation	The job rotation program and the agreement thereon must be defined between the main line manager and the line manager of the host entity and the assigned employee. The duration of each job rotation shall not be less than one month and not more than two months. No limit is applicable to the number of job rotations. The objectives of the job rotation must be agreed upon between the main line manager and the line manager of the host entity before the rotation begins.
3	Line manager	Review the arrangements for identifying an alternate staff to complete routine work and tasks	The main line manager should explain to the HR Department how the administrative functions during the job rotation will be completed and the mechanism and date on which the employee will be transferred to his or her primary function after the end of the job rotation process.
4	Line manager/ line manager of the host entity	Appointment of a supervisor during the rotation period	Assign a supervisor to the employee during the job rotation period
5	Employee	Fill out details of the job rotation agreement form	Document the specific objectives and tasks to be performed during the job rotation period. Obtain the approval the main line manager and the line manager of the host entity during job rotation on these objectives.
6	Line manager/ line manager of	Approve the form of the job rotation	

	the host entity	agreement	
7	Employee	Submit the filled form of the job rotation agreement	
8	Director of the Training Department or Director of the HR Department	Ensure that the job rotation plan meets the criteria for job rotation	Ensuring that the job rotation plan meets the prerequisites of job rotation as established in the training and development system
9	Employee	Conduct job rotation	Set job rotation in motion according to the time frame and the objectives agreed upon.
10	Line manager/line manager of the host entity	Discuss expertise acquired under job rotation	Review acquired expertise during job rotation. The line manager of the host entity shall review the performance of the project at the end of the job rotation process. This review shall be included in the annual performance review prepared by the main line manager.
11	Employee	Provide the total number of days spent in job rotation	Provide the total number of hours spent in job rotation to the Human Resources Department.
12	Training and Development Coordinator	Updating the personal data of the employee's record in relation to job rotation	Update employee records by including the number of days spent in job rotation and reviewing project performance.

Form No. (7) Job Rotation Agreement

The details of this application will be filled out by the employee. Please note that your line manager, the line manager of the host entity and your department director must agree to this request before sending it to the Human Resources Department.

3.2.7 Secondment

Objective

Secondment is the temporary placement of an employee outside his/her original workplace, while maintaining his/her career relationship with the original employer, provided that the entity to which he/she was seconded shall pay his/her salary as a general rule.

Procedure is targeted at:

- Human Resource Department or the Director of the Training Department.
- Line manager.
- Employee.

Inputs:

- Individual development plan
- Decree Law on Government Human Resources.
- Implementing Regulations.

Timetable for completion (time limit):

- As required.

Available tools:

- Secondment application.

Approved correlation elements:

- N/A

Procedure reference:

3.2.7 Secondment.

Procedural guide:

3.2.7 Secondment.

Procedures No. 16

Step	Tasks and responsibility	Procedure	Description
1	Employee / line manager / CEO	Identify the need for secondment	Reasons for secondment: <ul style="list-style-type: none"> • Provide opportunity to retrain staff who have been affected by a radical change in the Ministry or the federal entity. • Meet the development needs of high-potential employees in line with their individual development plans. • Meet the training needs of the employee's host entity where the employee plays a role in raising the level of performance and skills development. Secondment may be proposed by the employee or the federal entity at the request of the host entity.
2	Line manager/ Director of Department / Director of the Training Department	Consider the employee as appropriate for secondment	To determine whether this employee is suitable for the execution of secondment duties, taking into account the following points: <ul style="list-style-type: none"> • Arrange a substitute for the seconded employee; • The length of service of the employee in the current job; • Possibility of professional development to assume leadership positions; • Evaluation of different stages of performance.
3	Employee /	Discuss details with	Specific points for discussion include:

	original employee/ line manager at host entity/ Director of the Training Department	the original employer and the host entity	<ul style="list-style-type: none"> • Purpose of secondment; • Objectives to be accomplished during secondment; • Benefits for the host or original section/ entity; • Job title during secondment; • Salary during secondment, hours, terms and conditions of secondment (if different from current job); • Secondment term; • Performance management process (especially in case of external secondment); • Communication and contact, and arrangements of return to work.
4	Employee / original employee/ line manager at host entity/ Director of the Training Department	Suggest start and end date of secondment	Propose an appropriate date for the beginning and end of secondment in view of workload and the requirements of work at the federal entity. The following are issues to be considered: <ul style="list-style-type: none"> • Is there any need for additional staff during this period? • If yes, what will happen to the substitute when the employee returns?
5	Employee	Fill in the secondment application details	
6	Authority in charge of approving secondment at both parties	Approval of secondment application form	
7	HR Department	Confirmation of secondment and updating employee data	Submit a written confirmation of the secondment, including any temporary changes to the terms and conditions, updating the employee's data and record and / or payroll as appropriate.

3.2.8 Return from secondment

Objective:

Ensure that all necessary steps are completed and proper planning for the employee's return from long-term secondment is in place.

Procedure is targeted at:

- Human Resource Department

Inputs:

- Individual development plan
- Secondment application

Timetable for completion (time limit):

- As required.

Available tools:

- Secondment application

Approved correlation elements:

2.3 Individual development plan

Procedure reference:

3.2.8 Return from secondment

Procedural guide:

3.2.8 Return from secondment

Procedures No. 17

Step	Tasks and responsibility	Procedure	Description
1	HR Department / line manager / employee	Notify the employee and the line manager of the next return date	Follow-up on the date of the employee's return from secondment based on the secondment application form. The Human Resources Department shall communicate with the line manager and employee six months and three months before the date of return with a view to agreeing on the specific position to be filled by the employee within the federal entity upon his/her return.
2	Employee / line manager/ HR Department	Agreement on return date	The employee and the line manager shall discuss the expected date of return to work.
3	Employee / line manager/ HR Department	Agreement on job after returning to work	Agreement on the details of the tasks to be performed by the employee upon his/her return. The Human Resources Department provides the line manager with information on the tasks that the employee may undertake upon his/her return according to a plan prepared in advance. The terms and conditions of the new functions shall be agreed upon.
4	HR Department	Update details of employment contract	In the event that the employee assumes a new position, the Human Resources Department shall prepare a new employment contract and coordinate with the Chief Executive Officer and the Executive Director to obtain the relevant approvals. This procedure should apply the requirements and procedures of this Manual.
5	HR Department	Update details of employee's record	Update details of employee's record and / or payroll as required.

5	Employee	Fill out the survey and identify aspects of the training	The employee must fill in the details of this form and indicate the areas in which he or she has applied the course.
6	Employee / line manager	Discuss areas in which the chairman can support the employee	The chairman can be consulted with a view to identifying other development areas, and how to support the manager for the most effective application of the course.
7	Employee / line	Sign the form and	The line manager and the employee must sign this form

	manager	send it to the Human Resources Department	before sending it to the Human Resources Department.
8	Employee / line manager	Record responses submitted in the survey	Write answers to the survey within a predefined database
9	Director of the Training Department	Comparison of results	Comparison and use of results in evaluating the quality of the training program and the efficiency of training service providers and returns on investment in training, and submitting them to senior management for review and identify effectiveness of the training course.

Training Effectiveness Survey - Part 1

The details of this application shall be filled out by the employee at the date of the training course. Please submit this request to the training provider prior to leaving the course venue.

Course details:

Name	Section
Training course	Date
Training service provider	Venue

		Totally disagree	Disagree	Slightly disagree	Slightly agree	Agree	Totally agree
1	In this course I achieved my individual goals.						
2	I have gained a deeper understanding of the subject of the training course through my participation in it						
3	My performance will increase as a result of attending this course						
4	Take full advantage of this course						
5	It created an appropriate training and education environment						
6	Organized the training sessions appropriately to make the most of the course within the allotted time						
7	Was expert in the field of competence						
8	Was responsive to the needs of the group						
9	The number of participants in this course was appropriate.						
10	I am satisfied with the level of education offered to me.						
11	The facilities of the training course are of the highest						

quality.							
----------	--	--	--	--	--	--	--

Which parts of the course do you consider the most ????
What interests you in this program?
Are there any issues that you expected to learn during this program but were not included?
Please provide us with your feedback regarding the quality of this course.

Training course application plan:

What are the gains from this course you want to apply?
When do you want to do this?
What support do you need to accomplish this?

Within three months you will receive a survey to monitor the effectiveness of the training; its details should be filled in coordination with the line manager. This survey aims to assess the changes that have resulted from your attendance at the course. Please contact the Human Resources Department if you have any questions.

Thank you for taking the time to fill out this survey, and hope you have benefited from this course.

Training Effectiveness Survey - Part 2

Details of this application must be filled out by the employee three months after attending the course. Please discuss this survey with your line manager and request his approval before sending it to the Human Resources Department.

Details of course:

Name	Section
Course	Date
Training provider	Venue

		Totally disagree	Disagree	Slightly disagree	Slightly agree	Agree	Totally agree
--	--	------------------	----------	-------------------	----------------	-------	---------------

1	My job performance has increased as a result of attending this course.						
2	I had the opportunity to take advantage of the skills I learned in this course.						

If you could not benefit from the skills, please specify the reasons for this:	
.3	I did not learn anything I could apply
.4	I did not have the chance
.27	I was very busy
.28	Others discouraged me from trying to change

If you have the opportunity to take advantage of your skills, please answer the following questions:

What education and training points did you apply after this course? Please identify any evidence of your application of what you learned during this course (new processes, systems, improved customer satisfaction, etc.)

All respondents are asked to answer the following questions:

Are there training aspects that would make the course program more useful to you if it were available?
Have experiments helped identify other needs for training and development?

This section is filled by the line manager:

		Totally disagree	Disagree	Slightly disagree	Slightly agree	Agree	Totally agree
1	I noticed a rise in the level of staff performance in the workplace since attending						

	this training course						
2	I noticed indications that staff benefited from the skills acquired in this course						
	I will not hesitate to send another employee to attend this course						

If your employee does have the chance to acquire the skills gained from this course, please answer the following questions:

<p>How can you support an employee to take advantage of the skills gained from this course? Please specify the procedures that can be applied and the resources that the employee needs to accomplish and the time limit set for the same.</p>

If you allow your employee to take advantage of the skills gained from this course, please answer the following questions:

<p>What are the results whose effect you have been observed in the employee, indicating the application of the skills gained from this course (new processes, systems, improved customer satisfaction)</p>

Instructions

As a result of the annual performance assessment, the line manager must identify the technical and behavioral development aspects that the employee needs to develop. The improvement areas identified in the annual performance document are the basis for individual development plans that must be linked to the training and development policy of the federal entity.

After the form is filled out and signed by the employee and the line manager, a copy of it will be sent to the HR representative through the relevant department manager, and retain a copy for reference when needed.
