

## **FAHR reviews the features of the Federal Learning and Training System**

The session, which was held in the Government Accelerators Hall in Dubai, was chaired by Her Excellency Laila Obaid Al Suwaidi, Director General of FAHR, with the participation of many of FAHR's executives and employees, along with some members of the Advisory Council for Human Resources, specialists and representatives of ministries and federal entities.

The participants reviewed the human resources systems and policies related to learning and training, and set their visions for developing them in line with the new trends related to the growth and development of human capital, enhancing the future skills of federal government employees, establishing a culture of continuous learning, and developing work systems, to be more successful and pioneering, in accordance with the vision "We the UAE 2031".
