# Managerial Communication

Information if not shared is of no use. Communication plays a pivotal role in sharing. Individuals information working together in the same organization need to speak to each other to keep themselves abreast with the latest developments in the organization.

It is practically not possible for an individual to do everything on his own. He needs a medium which helps him discuss various ideas and evaluate pros and cons of proposed strategies with people around. Here comes the role of communication.

Effective managerial communication enables the information to flow in its desired form among

managers, team leaders and their respective teams.

Managerial communication is of the following two types:

- **Interpersonal Communication:**
- Interpersonal communication generally takes place between two or more individuals at the workplace.
- Organizational Communication:
- Communication taking place at all levels in the organization refers to organizational communication.
